# SOCIAL AND SUSTAINABLE INVESTING

## Learn the principles and opportunities of investing with consideration of social and environmental impact.

Social and sustainable investing has been attracting increasing public interest in the recent decade. With many related investment opportunities appearing on the market, this course aims to provide insights and principles that enable better investment decisions in this emerging field.

- ✓ The social and environmental impacts of your investment decisions, in addition to financial returns
- ✓ Learning about the opportunities of social and sustainable investing

### TOPIC COVERAGE

- ✓ Principles of investing and its application to social and sustainable investing
- ✓ Impact investing and an investor's role
- ✓ Latest developments in corporate social responsibility and its impact when making investment decisions
- ✓ Ways to invest in social impact bonds and green bonds

### WHO SHOULD ATTEND

The course will be relevant to business and organisational leaders, particularly entrepreneurs, managers and analysts, who are keen to apply sustainability in their work. In addition, it will be useful for action advocates, compliance personnel and policy makers who are involved in promoting these fields in a variety of settings.

Individuals who are keen to expand their investment knowledge in social and environmentally related investments, either at the personal level or at the corporate level, are welcome to apply.
