OVERVIEW

The ECREF will be offered in three modules.

REAL ESTATE INVESTMENT & ASSET MANAGEMENT

This module covers issues related to direct real estate investment and asset management.

REAL ESTATE FINANCE & SECURITISATION

This module covers issues related to fund raising through the traditional and alternative routes, including securitisation.

REAL ESTATE PORTFOLIO & RISK MANAGEMENT

This module covers issues related to investment in real estate securities and derivatives, covering both debt and equity instruments as well as risk management associated with investing in real estate in a portfolio context.

Each module is standalone and will run as a 5-day intensive programme. Registration of the ECREF is by modular basis. Application for each module will be opened around six weeks prior to the start of each module.

Participants who complete all the three modules will receive an Executive Certificate in Real Estate Finance awarded by the Department of Real Estate, National University of Singapore.

COURSE OBJECTIVES

The evolution of the real estate investment industry has created a demand for a special group of professionals who not only have deep knowledge and understanding of the real estate market, but are also familiar with the dynamics of the capital markets.

To meet this demand, the Executive Certificate in Real Estate Finance (ECREF) was introduced to integrate the best of real estate and finance knowledge. Participants will acquire critical concepts and skills relevant throughout the life cycle of a public/private real estate fund, from fund raising, acquisition, and asset management to exit. This pool of trained specialists will enhance Singapore's attractiveness as the real estate investment and fund management hub in Asia.

KEY BENEFITS

- Engaging seminars for mastering the complexity of real estate investment finance and securitization.
- Gain an innovative perspective of real estate portfolio and risk management
- Not-to-be-missed opportunities to learn from distinguished professors and senior professionals
- Excellent networking opportunities with practitioners in real estate and finance sectors
- Flexible schedule and intensive day classes

WHO SHOULD ATTEND

This program will benefit professionals and managerial staff employed by REITs, private real estate funds, real estate investment companies, property development companies, real estate consultants, investment banks, financial institutions, and government agencies, particularly those who are involved in business development and asset management.
